

Greenbelt Fishermen Prepare For Annual Rodeo Saturday

TWO BIOGRAPHIES CONCLUDE SERIES

(Note - The two following biographies are the last in a series presented as a public service by The Cooperator to acquaint its readers with the candidates in the City Council election, September 15.)

Robert Hurst

A local resident of five years, Robert Hurst, 5-H Eastway, hopes to start his political career in Greenbelt in the coming city council election. "I've been preparing for a political career for a long time and I am ready to start here," he declared.

Hurst is a graduate of the University of Maryland, College of Business and Public Administration. He is an Air Force veteran with 40 missions over Germany as a fighter pilot. From Pittsburgh, Pennsylvania, Hurst admits to coming from a family of politicians active in the Pittsburgh area. "It is a family tradition," he disclosed. He is now employed by GCS in Takoma Park.

The high tax rate is a municipal problem Hurst thinks is utmost in everyone's mind, and he hopes that intense study of the budget and services will disclose a way of reducing the taxes. He is sure that new development in the city will spread the tax burden and alleviate the situation.

Hurst has no "axe to grind," he stated. He would like to see a bigger civilian defense program in Greenbelt, since the city is on the fringe area of a major target. He hopes that adequate preparedness will do much to prevent disaster. The library should be expanded, he asserted. "It is a good library, one to be proud of, and I hope it can be enlarged for greater use," Hurst admitted, "without raising

A general fishing contest for adults has been added to the list of events in the second annual Fishing Rodeo to be held at Greenbelt Lake this Saturday, August 29. A spinning rod and reel will be awarded to the man or woman who catches the largest fish between the hours of 9 a.m. and 6 p.m.

The Fishing Rodeo is being conducted by the Greenbelt chapter of the Izaak Walton League of America in cooperation with Better Fishing, Inc. The latter is a national organization dedicated to the encouragement of the sport of fishing, especially among youngsters. Similar Rodeos are held in communities throughout the country, and a national king and queen is later selected from among the winning contestants.

The general fishing contest for boys and girls 14 years and under will also be held from 9 a.m. until 6 p.m. The boy and the girl catching the largest fish will each receive a complete fishing kit, including a rod and reel and accessories.

A casting tournament will also be a feature of the Fishing Rodeo. Five age groups will complete in distance and accuracy trials with prizes awarded to those winning the first three places in each group. The youngest group will be children under eight years which the oldest group will be those 18 years and older. Contestants for any of the events of the Rodeo must register by 1 p.m. if they wish to be eligible for a prize.

In addition to the three main contests, a drawing for door prizes will be held at 6:15 p.m. First prize for the holder of the lucky number will be a rod and reel. Two other prizes of fishing equipment will also be given away. Holders of the winning numbers must be present to receive these prizes. Refreshments will be available at the Lake.

The prizes to be presented in the various events have a total value of \$250. All the prizes will be displayed in the window of the Greenbelt Drug Store until the Rodeo.

KATHRYN KARITAS, GRADUATE NURSE

Kathryn Ann Karitas, daughter of Mr. and Mrs. Joseph J. Karitas of 2-D Southway, fulfilled a life-long ambition when she became a graduate nurse last Sunday, August 23. She received her graduate certificate and pin in a class of 21 nurses at Washington General (Gallinger) Hospital after completing a three-year course there. She previously attended Notre Dame Academy. The 21-year old graduate nurse will continue on duty at Washington General.

SIGNS NOT MEANT TO STOP FISHERMEN

The "No Trespassing" signs placed on lakeside property by Greenbelt Veteran Housing Corporation for a twenty-four hour period early this week were not designed to discourage fishermen according to Paul Campbell, GVHC general manager.

The signs were posted to meet a legal requirement, and Campbell expressed regret at any misunderstanding caused by the signs.

GVHCSpecialGroup To Fill Board Post

A special committee of the Greenbelt Veteran Housing Corporation has been formed to secure nominees for the vacant position on the board of directors, caused by the resignation of Michael Salzman, former president, and to arrange election details at the quarterly meeting of the organization on Tuesday, September 8.

Appointed by acting President Ralph Webster, the committee is made up of the following members: Ralph G. Miller, temporary chairman, J. Walsh Barcus, Joe Compton, Andrew O'Connell and W. R. Volckhausen.

Other duties of the committee are to obtain biographical data from the candidates and to count ballots, according to Webster. Nominations for the vacant board position will also be received from the floor on the night of the meeting, Webster said.

The successful candidate will serve until the general election next February.

Public School Registration Begins On Monday August 31

LIONS CLUB PLANS CANDIDATE MEETING

All candidates for the city council will speak at a "town meeting" to be sponsored by the Lions Club, it was announced this week by Lloyd Clay, Lions Club president. Each candidate will be given the opportunity to express his views on the city election and to answer questions from the audience. This kind of town meeting before city elections has been the custom in the past but was not held in 1951. (There were only five candidates running for election at that time.)

Time and place of the "town meeting" has not been set yet but will be announced in the next issue of The Cooperator.

World Series Time At McDonald Park

By Bill Moore

Greenbelt Little League Baseball "World Series" time is here. For some fifteen weeks now one hundred and twenty uniformed young athletes have skirmished at rock-bound McDonald Park for fun and glory. The chips are down now. Two teams have survived this summer's competition. George Preston's Athletics won the National League title handily and Bernie Emmert's Co-Op Emerald Sox won the vigorous American League race. These two valiant squads will battle for the Championship of Greenbelt in a best two out of three game series.

Little League Baseball has grown in Greenbelt. In 1951 George Preston's Izaak Waltons were champs in a four team league. In 1952 Mel Taylor's College Park Legion led a six team pack to the wire and survived the rugged "Shaughnessy Play-offs" for the title. This year, fielding still two more teams, the directors decided to divide into two 4 team leagues, American and National, with the champions meeting in a Greenbelt "World Series". That's where we are now.

On Saturday, August 29 at 2 o'clock Co-Op will tackle the White Elephants. The second game will be played the next day, Sunday at 1:30 in the afternoon. The third game, if necessary, will be played at 2 o'clock Saturday, September 5. All games are played at McDonald Park in rear of No. 7 court Southway.

This "World Series" pits father against son and brother against brother. Bernie Emmert, Jr. is the stellar second baseman, catcher on Preston's A's against his dad's Co-Op nine while Co-Op Bobby Huff rivals his little brother, the A's Danny Huff!

Rosters of the Series contenders are:

Athletics - Roy McCauley, Harvey Sherer, Tommy Iveson, young Emmert, Bobby Oring, Billy Steele, Eddie Moody, Dick Wade, Ken Huff, Marty Walden, Dan Huff, John Wayne Tucker, Dave Arensdorf, Duncan Monroe and Bunky LaFlamme. Manager George Preston.

Co-Op - Harrison "Brother" Gillette, Pat Kelly, Mike Pinkos, Jackie O'Neil, Chuck Clark, Bob Huff, Howard "Buddy" Johnson, Lester Billings, Charley Schwan, Ken Ruppel, Tom Hickey, Bobby Hogan, Billy Hodges, Marty Thompson, and Gary Cozad. Manager, Bernie Emmert.

Registration for the 1953-54 school year at Center and North End Schools will be held at the schools from 9 a.m. to 3:30 p.m. on Monday, August 31. All children who expect to attend the schools should register except those who registered for first grade in the spring.

Pupils who attended either school last year should present their placement cards at the office of the school they are to attend.

All new pupils will report to the auditorium of the school they expect to attend. Pupils who attended other Prince Georges County schools should present their placement cards. Pupils who are new to the County need to present a birth certificate and certificates for immunization against smallpox and diphtheria.

All children registering for first grade must have reached their sixth birthday on or before December 31, 1953.

Reports of neighborhood children who will be unable to register because of being on vacation will be helpful.

The first day of school will be Tuesday, September 8.

Junior High Registration

All students entering grades 7, 8, or 9 in the Junior high school this year who have moved to Greenbelt since June must register at the Junior high Monday, August 31, it was announced this week by Alan Chotiner, principal. Registration hours will be 9-12 and 1-4. Students from North End or Center school entering Junior high need not register, as their names have already been enrolled by their respective schools, he disclosed.

Grade 8 students, Chotiner stated, will have the opportunity to choose as an elective either Band, Glee Club, Dramatics, Art or Music. Grade 9 students must choose either of the above electives in addition to General Math or Algebra, he added.

A new vice principal has been appointed, Chotiner disclosed. Dominic Ciccarelli, math teacher at the Junior high for the past two years will be vice principal for the 1953-54 school year.

Band and Majorettes Please Large Throng

Ideal weather drew nearly 300 people to Greenbelt's first Ice Cream Music Festival held on the green in front of the Center School last Sunday evening, August 23. Both the "A" and "B" sections of the Greenbelt Community Band along with the five Majorettes participated in the Festival. Ice cream and cake was served along with the music.

Under the baton of Michael Ronca, who is Band Director for Northwestern High School, both bands presented a varied selection of marches, waltzes, and symphonic concert numbers. The highstepping Majorettes, led by the nimble acrobatics of Ann Walker, featured a specialty number to the tune of "Sweet Georgia Brown" with a five-piece jazz combo from the band supplying the music.

The final summer concert of the season is scheduled for Sunday, September 13. Approximately a week later the Community Band is sponsoring a square dance. It was announced that several instruments are still available for youngsters who wish to join the "B" band.

Taxes As An Issue

One thing remains quite clear in the political haze now surrounding the community: taxes should be lowered. How this is to be achieved is still lost somewhere in the haze, but we know that each of the eight candidates promise to endeavor to find some magic formula. Most of them hope to be guided by citizen wishes, since there is a secondary, but vital consideration: Do we want to reduce the fine services we have in order to lower taxes or are we satisfied to pay for them and have them?

No one has come forth with an "austerity" program. Evidently we want the services but hope they won't cost us too much. Straight cuts in the budget along the line are often ill-considered. Elimination of certain services is hazardous; it often brings a rain of protest from those wanting those services.

In the end, we feel, the responsibility will fall where it usually does - on the city managers shoulders. He will be required to operate the municipality with frugality and diplomacy. His budget will undergo keen scrutiny, with a scissors and blue pencil nearby. What is left, he will have to nurse along for the coming year. Anyway, he will be doing with the city budget what most of us have been doing with our personal budgets for a long time.

The promise of new development in the city to help relieve the tax burden is a real promise, coming truer with each passing day. We hope that new business and industry will find a home in Greenbelt; we hope that non-Greenbelters will be made to pay their way to enjoy our advantages; we hope that Greenbelt will prosper and grow into a major community in Maryland. Lowering taxes alone cannot achieve this. Without the services that taxes bring us, how attractive will Greenbelt remain for new development and enterprise?

The new city council will have its work cut out for them. They should be dedicated men, devoted to the spirit of Greenbelt and willing to work hard and spend time on municipal problems. There are important problems to consider and hectic days ahead now that Greenbelt is ending its first year of independence. We hope that each succeeding year will be one of progress and growth.

BIOGRAPHIES from page 1
taxes." Enforcement of speed laws, especially on Ridge Road, is of major concern to Hurst. He is alarmed at the speed of some motorists after sundown on that street.

Biggest task before Greenbelt, Hurst declares, is public relations. This field, which Hurst majored in while in college, is one which Greenbelt can well take advantage of, Hurst said. "Our public relations in the county and Washington area are at a low ebb," Hurst declared, "and can be much improved." As the city grows and progresses, Greenbelt should maintain high standards and values which will continue to make the surrounding communities regard us with respect and admiration, he added.

Harry Zubkoff

Harry Zubkoff, 17-H Ridge, was born and raised in Buffalo, New York. He moved to Greenbelt in March, 1950. Married, with two children, Zubkoff works for the Defense Department as a writer. He is currently on the board of directors of Greenbelt Consumer Services, and boasts of a singular achievement: he was the first candidate to be elected to that board as a "write-in" candidate. For two years, he served as editor of The Cooperator.

Zubkoff holds a commercial pilot's license, has instructed flying and related ground subjects. During the war he served in the Counter-Intelligence Corps as a special agent in France and Germany. He received a special commendation for uncovering a Communist spy ring in Germany, and participated in many investigations involving cases of loyalty, espionage and sabotage.

The city council's job is a lot more complicated. Zubkoff asserts, now that Greenbelt is free of federal ownership. The city

still gets its source of revenue, taxes, from one large organization - Greenbelt Veteran Housing Corporation; this is not an impersonal governmental group, but our friends and neighbors, Zubkoff declared. This calls for a greater display of tact and diplomacy, he added, which entails concessions and compromises on both sides.

"A realistic appraisal of our services as opposed to other municipalities' services in the county should be undertaken," Zubkoff stated. He cited the library as one service which might better be supported by the county, as an example. Analysis and re-appraisal of the police force to determine "how much we really need" compared to what we have, is in order, he stated. Another major budget item, recreation, should be scrutinized; "we spend almost as much for recreation in Greenbelt as the whole county," he declared.

Zubkoff welcomed additional commercial and industrial ventures in Greenbelt. "GCS has relinquished their 'option' on the variety store and drug store in their negotiations to purchase the land under the food store." This means that the right to operate any business within half a mile from the Center has been surrendered in this same deal, Zubkoff disclosed. "The city is now in a good position to support any new expansion inside the municipality that will meet the needs of the community."

The master plan of GVHC development within Greenbelt envisages three new shopping centers, he declared, and there is plenty of room for new enterprises. "The council cannot remain aloof or isolated, but should bring an awareness of community responsibility to the city, in active liaison with other organizations for the good of the residents and the citizenry," he concluded.

Our Neighbors

By Dorothy McGee, phone 8083

Mrs. Winfield McCamy and her son, Mike Loftus are in Tennessee for a two weeks holiday.

Two and a half year old Deborah Lynn Brooks has a new baby brother, Robert Allen, born to her parents, Mr. and Mrs. Bernard Brooks of 2-K Eastway on August 4th at Prince Georges Hospital.

Bobby Wallace of 52-C Ridge Road underwent an operation in Emergency Hospital in Washington, where he spent a week. He returned home today, and is just fine, we are glad to learn.

Sol and Doris Mednick, 8-M Plateau Place expect to move at the end of the month to Glen Burnie. Sol has finished the work for his PhD, and has accepted a position with the U. S. Industrial Chemical Co. in Baltimore. The Mednicks will be happy to have their friends visit them in their new home at 303 N Street, Glen Burnie.

Mr. and Mrs. McNeice moved Tuesday from 10-A Hillside to Hollywood.

The Robert Mogels have moved from 19-J Hillside to 1-D Research, and their neighbors, the Willard Beales, at 19-L Hillside are now at 3-L Research Road.

Now that the Chesapeake bridge has shortened the trip to the ocean, Rehoboth Beach in Delaware is becoming another one of the pleasure spots where Greenbelters unexpectedly meet. The I. J. Parkers of 45-J Ridge returned Monday from a pleasant weekend at Rehoboth where they met Carolyn and Ralph Miller with their children, who went down just for the day to visit a friend at an adjacent beach. They also met, quite by chance, Sophie and Jack Corwin, former Greenbelters spending the summer at nearby Lewes Beach.

My Daze

URGED ON BY BILLY JOHNSON OF TV, the children want to enter the National Symphony Mystery Voice contest. (Box 447, Washington, D. C.) A dollar goes with the letter saying, in twenty-five words or less, why you like music. The kids entry will read "I like music because it sounds pretty." It's a cinch for first prize. Bring on the Cadillac. IT'S BEEN OBVIOUS ALL ALONG WHO THE MYSTERY VOICE is, anyway, but I don't mind going along with the gag. It's a good way to solicit funds for an excellent cause, the upkeep of the National Symphony Orchestra. We can help the orchestra, and hope to win a prize. FOR THE PAST TWO SEASONS the National Symphony presented the Suburban Concert Series practically on our doorstep, in the Ritchie Coliseum of Maryland University. These were attended and enjoyed by many Greenbelters. It's fascinating to see Conductor Howard Mitchell, the musicians and guests stars in action. Friends and I sat way up front once alongside the percussion section, and got a big "bang" out of it. Let's hope the Suburban Series becomes an institution in this area. HOME GROWN TOMATOES: Consumed by the score, And still there's lots more Of vine ripened tomatoes Which everyone savors And favors. No matter how eaten, They cannot be beaten. Drop Inn Data

By Carole Martin

Due to the much appreciated donations of time and manpower by our members, the Drop Inn repairs, as far as we are concerned, are way ahead of schedule. The remainder of the repairs have to be finished by carpenters. Besides several minor repairs, the Drop Inn floor is going to be jacked up. Continuous dancing has weakened the beams, and more efficient support is needed.

Our original color scheme of green and white still predominates. The walls are a cool green with darker borders and trimmings. The ceiling, once white, is a dark green. The arrangement is not only very pretty, but quite durable.

Working around the Drop Inn I have heard many rumors concerning the date that the Drop Inn will open. I think it will be fair to say that if work continues as well in the future, the members can expect it to be reopened by the end of the second week in September. This has not been announced officially yet, as there are several factors pending. Remember patience is a virtue.

BILL MOORE HURLS NO-HITTER, BOWS 2-0

Big Joe Fitzpatrick, coach of the Greenbelt Boys Club Seniors and former University of Maryland and minor league pitching star, liked what he saw last Tuesday evening at Braden Field. His team didn't win but the pitching he saw couldn't help but tickle the big man.

Greenbelt's pitcher, Lefty Bill Moore, lost a hurling duel with Mt. Rainier's Bobby "Arp" Hospan by 2 to 0. Both Mounty runs were strictly unearned as the visitors failed to get a single hit off Moore. The future St. Louis Brownie farmhand handcuffed Mt. Rainier for the full seven innings, whiffing eleven and walking but two.

Boys Club News

The Greenbelt Midgets and Intermediates both won their first games in the Prince Georges County Boys Club Playoffs.

Behind the 4 hit pitching of Barry Petroff the Midgets downed Gateway Saturday morning by the tune of 3-2. Greenbelt collected 7 hits in the contest with Bud Moore getting 2 and Bob Mc-

Glothlin driving in the winning run in the home half of the 8th inning. They will play Mt. Rainier in the finals.

The Intermediates swamped Mt. Rainier 12 to 5. They got 7 runs in the first frame and coasted the rest of the way.

In the big inning Mike Stripling and Bobby Dyal got homeruns while Jimmy Rock got a bases loaded triple. "Scoot" Taylor had a fine 3 for 4 day at the plate.

"Butch" Brown chucked a nice 5 hitter. They will meet Lanham in the final series.

Tuesday at Magruder Park our juniors dropped a tough game to Edmonston by the score of 7 to 4. Edmonston got only 6 hits off pitcher Tony Baker, but Greenbelt committee 8 big errors to help the winners. Greenbelt had seven hits with Bruce MacEwen, Baker, and Mike Cockill all getting 2 each. One of Cockill's was a triple.

Greenbelt gets another chance tomorrow to stay in the double elimination tournament when they play Gateway.

CONTROL ANTS WITH CHLORDANE

If you are annoyed by ants in the house, you'll welcome these suggestions for their control.

They come from entomologist T. L. Bissell, University of Maryland Extension Service. He says the first step is to find the ants' nest, if possible. Then treat it with an insecticide.

Chlordane is the most effective insecticide to use against ants, says Mr. Bissell. If they are nesting in the structure of the house, it may not be possible to reach the nest. Your next best step is to watch the ants to learn the route or trail they follow.

Ants are apt to stay around if there's food for them to feed on, so clean up any food source. It's important too, to keep food in tight containers so it won't attract ants.

Asia and the U.N.: It is certainly a sound principle for one of the permanent seats in the Security Council to be held by a major Asian power. Nationalist China is no longer in this category. Communist China has clearly disqualified itself by waging open warfare against the U.N. Fortunately, there is another nation that is very well qualified to serve. It has a democratic form of government. It now acts as the conscience of Asia. It is in the free world but sufficiently independent in its foreign policy to have stayed clear of formal alliances with either of the major groups of powers. This nation is India. India is now policing the truce in Korea—an assignment that probably could not have been given, with the agreement of all concerned, to any other nation on earth. The United Nations would benefit if India were one of the Big Five in the Security Council.

Paper-backs: Despite TV and 3D, Americans, because of the paper-backs, are buying and reading almost three times as many books as before. Annual paper-back sales of around \$250 million, almost ninety percent fiction, have been added to hard-cover sales of some \$200 million.

83rd Congress: The unkindest thing about its first session has been said by the Administration's closest friends: Ike got nearly everything he asked for. The other side of that coin is "nothing ventured, nothing gained."

The Trigger: Berlin: According to Isaac Deutscher, the Germans who surged into the streets meeting Russian tanks with a hail of stones did in fact bring about an upheaval; but the upheaval took place in Moscow, not in Berlin. Beria fell.
